## **ADVANCED BEFEFICIARY NOTICE**

### **NOTICE OF MEDICARE FINANCIAL LIMITATION(S)**

Dear Sir or Madam,

Thank You for choosing NOVA Rehab. Our highly trained therapist will work to have you on the road to wellness as quickly as possible.

Unfortunately, Congress has set an annual limit for Medicare's reimbursement of outpatient rehabilitation services. Effective January 1, 2014, each Medicare patient will have an annual limit of \$ 1920 for Physical Therapy services combined with Speech Therapy services, and an annual limit of \$ 1920 for occupational therapy services, regardless of his or her medical condition or need. For further information on these limitations please contact your Medicare benefits division. There are some extensions that will be allowed but go through Medicare's medical review and is not a guarantee. Medicare B Deductible for the year 2014 is \$147.00.

Any charges above these annual maximum limitations will become the patient's responsibility plus any deductible that is not covered by your secondary insurance. We will review your secondary benefits with you at your first visit.

We will attempt to warn you as you approach the \$ 1920.00 limit(s). At this time we are asking you to sign a form that acknowledges we informed you of the annual limitation(s) and that you understand your financial responsibility for services received in excess of the limitation(s). Please be sure to inform us of any physical therapy or speech therapy provided this year to be sure that we add that to your calculation.

If you have any questions regarding this letter on your Medicare coverage, please do not hesitate to speak with our Business Office Manager. Thank you.

**I have been notified and understand the limitations of my benefits described above**
